

*From the Water came* **KREWE DAT 504\***

It's NOLA culture, art, dance, and music.

We represent and transcend the water that could have completely destroyed NOLA but instead created a wave of rebirth, transition, and growth.

## **TOSS DAT SCHOOLS!**

**A new Krewe requests the honor of your student's talent and creativity! Krewe Dat 504, helmed by the one and only Dancing Man 504 (Darryl Young), is the latest, rapidly growing Krewe in New Orleans. Members are dedicated to involving youth from throughout the city and the nation. That's where you and your students can help!**

Krewe Dat 504 will participate in its first parade, Krewedelusion, on January 31, 2015, and they need eco-minded throws. Young minds are full of imagination, and the hope is that they will have fun while learning about NOLA culture by crafting parade throws! The preference is for incorporating repurposed and recycled materials to lessen the environmental parade footprint while creating delightful specialty throws.

Supplies such as milk jug tops, soda bottle tops, aluminum juice container tops (Think large doubloons!), wine corks, wood figurines, or whatever else they can come up with are encouraged! These items can be decorated and transformed into unique, one of a kind throws for parade goers to treasure.

Please remember that this is New Orleans; it's an environment that is subject to rain and humidity quite often. Materials such as paper would probably not be ideal to use; the Krewe loves throws that will hold up to the weather and parade conditions. Other than that, it's wide open to the whimsy of your students and you!

The Krewe kindly asks that you ship throws if you are not local. Members will be proud to receive them to give out, not only on January 31st but also at the Krewe of Freret parade on February 7, 2015, and hopefully, at all future parades!

**Krewe Dat 504 is committed to fostering long-term partnerships with your school.**
